

# Draw a Poinsettia

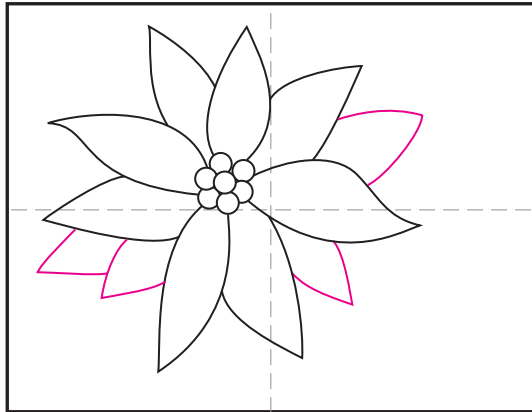

1. Start the center as a group of circles.

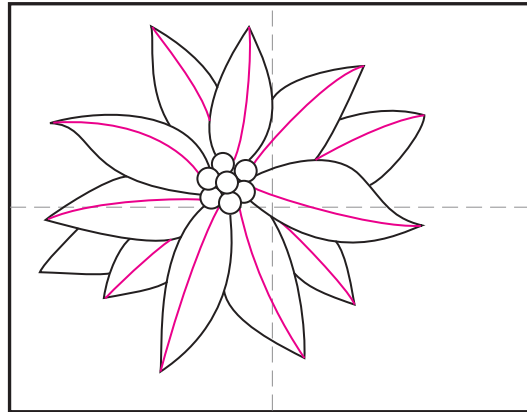

2. Add four evenly spaced petals.

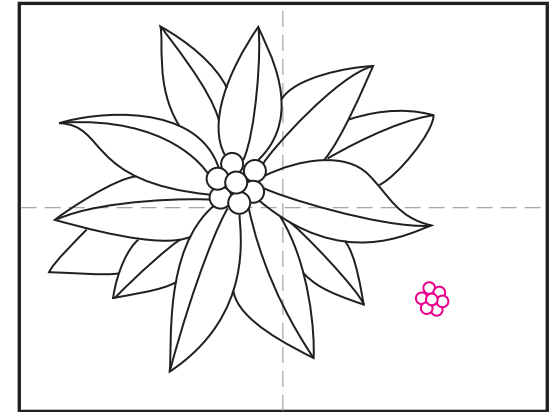

3. Draw another petal in between each. Try to make some a little different.

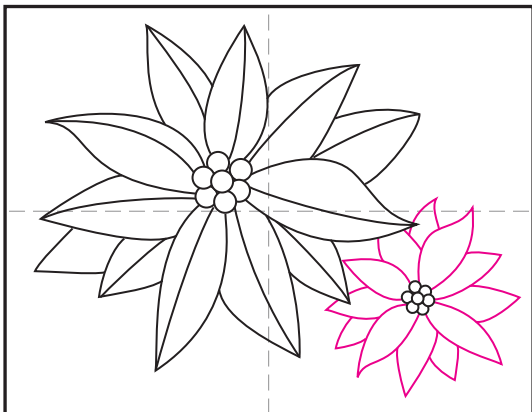

4. Fill in any empty spaces with extra petals.

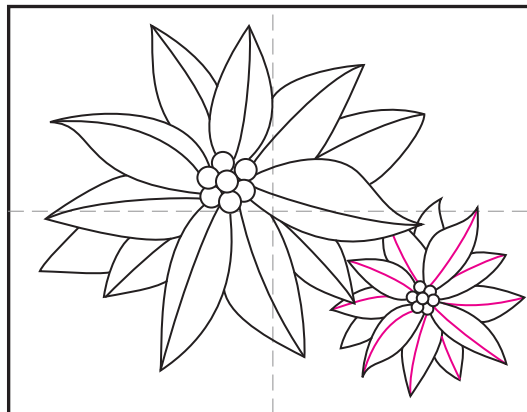

5. Draw center lines in all the flower petals.

6. Start the smaller flower with the center.

7. Add petals around in the same manner.

8. Draw lines in the center of each petal.

9. Trace with a marker and color.
